WORK EXPERIENCE

SDE 1 Springworks

03/2023 - Present

Remote

Tasks

- Engineered frontend and backend for Albus, an AI tool integrating with JIRA, Notion, Google Drive, Slack and other platforms for data training and user query responses.
- Implemented multiple features, resolved bugs, and addressed Sentry-reported issues to improve system stability.
- Increased unit test coverage to 80% and refactored codebase, enhancing code reliability and maintainability.

SDE Intern Springworks

03/2022 - 03/2023

Remote

Tasks

- Developed APIs for e-commerce site, enabling profile, adding SKUs, management, order creation, and advanced CRM functionalities like searching, filtering etc.
- Rapidly deployed multiple festival-specific deals, enhancing seasonal marketing strategies.
- Executed successful migration of legacy PHP codebase to Node.js, modernizing system architecture.
- Resolved numerous QA-reported bugs and Sentry-identified code smells, improving overall code quality.
